MACX[®]48 Bulk Harvest Bin

MACX[®]48 Bulk Harvest Bin

48" x 48" high-volume bin fits directly on harvesting equipment, minimizing produce handling

Now you can avoid unnecessary produce transfers from harvesting equipment to trucks, to boxes, to burlap bags, and a myriad of other time-consuming steps. Transport produce directly from the field to the processing facility or straight onto the truck to market with the new MACX[®]48 bin from Decade.

- **In stock for immediate delivery** - no minimum quantity
- **High concentration of vent slots** for faster cooling, drying and processing times
- **Smooth interior surfaces** allow better packout; can be high-pressure washed and sterilized
- **HDPE construction** combines high strength with great impact resistance
- **Meets USDA/HAACP standards** for direct food contact
- **Does not harbor splinters, pests, pathogens, mold** or other undesirable elements like wood bins; more consistent tare weight
- **Four-way forklift entry** allows easier handling and maneuverability
- **Engineered for safe stacking** to 10 high; more space for product when stacked

DECADE PRODUCTS[®]

All Decade products are environmentally friendly, yet cost effective

Sustainable development and the requirement to meet the needs of the present without compromising the ability of future generations to meet their own needs is of utmost importance today. Our long and deep commitment to sustainable development is evidenced by the fact that all Decade products are made of 100% recyclable plastics, and truly represent an environmentally-friendly approach to the fabrication of high-strength injection molded products.
