Residential Carts

from Cascade Engineering

Cascade has a complete line of injection molded residential carts – 35, 64, 96 gallon sizes – designed to meet all your waste handling applications. We have been manufacturing carts for semi and fully automated solid waste programs since 1989 in our Grand Rapids, Michigan facility.

Cascade's Residential Carts are:

- 100% recyclable
- Designed for easy handling and excellent balance
- Available with custom in-mold graphics on cart lid
- Available with in-mold bar coding on cart body front
- Backed with a 10 year warranty
